

The Cancer Support Centre's Charity Charter promotes our Mission, our Vision and our Core Values.

Our Mission ...

To provide a place of sanctuary and support for adults whose lives are affected by cancer.

Our Vision ...

To be a sustainable recognised centre of excellence as a community-based charity, providing care and support for all adults whose lives are affected by cancer. We aim to achieve this through the promotion of health and wellbeing.

Our Core Living Values ...

Caring – displaying kindness and concern for others

Respectful – feeling or showing respect

Supporting Others – assist others when in time of need

Enabling Choice - helping others choose effectively between two or more possibilities

Team Working – combined action of a group, especially when effective and efficient

We recognise that all our Volunteers, Therapists and Staff positively contribute to the work of The Cancer Support Centre and our activities. We aim and actively encourage all to be involved in all aspects of our work, in order to support our community, our clients and each other.

Every single one of us helps someone else when they choose to be part of The Cancer Support Centre. Together we are making a difference and continue to make a difference.

Our Mission is our goal and is achieved by living and breathing our Core Living Values. Our Vision keeps us alert to the ever-changing environment we find ourselves in and the ever-changing needs of our clients. In a world that sees us embracing those in need at their lowest points in life, united we come together and offer help and support.

The Cancer Support Centre is extremely proud of our team. Everyone (Volunteers, Therapists and Staff) has a part to play in helping us to deliver our services.

This is our Charter!
